RESPONSE TO RESTRICTION REQUIREMENT

Dear Sir:

This communication is in response to the Office Action dated November 15, 2005, requiring election of the above-referenced application to one of the following species:

- I. Embodiment where relative movement between the inner and outer cannula is rotational;
- II. Embodiment where relative movement between the inner and outer cannula is translational;
- III. Embodiment where relative movement between the inner and outer cannula is rotational and translational;

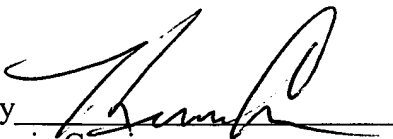

- IV. Embodiment where relative movement between the inner and outer cannula is automatic;
- V. Embodiment described in FIG. 4A to 4C;
- VI. Embodiment described in FIG. 5; and
- VII. Embodiment described on page 12.

Applicants elect the Species I, embodiment where relative movement between the inner and outer cannula is rotational. Claims 1-8, 11-15, and 18 read on Species I.

The Examiner is encouraged to telephone the undersigned attorney for Applicants if such communication is deemed to expedite prosecution of this application.

Respectfully submitted,

Dated: December 15, 2005
